Alice Springs

O

Dear Dr Hargrave

Do you know ~~matron~~ Matron

Ellen Kettle is a patient
in Alice Springs Hospital?

After being ⁱⁿ one in St
Vincent's (So must be a P.C.)
Sydney. It was "whispered"

² to me that she had (or has)
"hypertension" in medical jargon
("blood pressure" to the more
civilized.) I have not met

her yet. - But it was when
asking her ^{over telephone} when she could
come over here, that I was
told she had "gone South accom-
-panied by Sister Johnstone".

I don't "visit" hospitals ^{not} ~~ever~~
But am learning some of my garden

today
flowers for her
