Dear Tabulla

just a line
or two, - in ^a terrific hurry -
to tell you I liked your
Christmas letter very much.
(mine to you will be
a new year's one. (The
"little something" is already
bought - but won't be posted
until then.)

The handker was right in
size, but utterly wrong in
colour! - more suitable for one
of your leprosy lads ^{"cheerful"}!
dislike colours (in personal
things) (especially blue!) So
it will add Christmas glamour
to some white (official) who has
helped ^{one} during 1966!!
But not Johnny!
He is to have a tie (in new year)

20 Please note "Our pore black
brother" is buying himself
a \$30 (\$60!) transistor for Xmas!

Yes, I enjoyed that evening
"talk" too. I think I got to
know you much better than
(no doubt you thought you
already, knew the anatomy of
my mind & thoughts!).

Let us have another, &
soon. (I'll bribe a ^{nursing} Sister at
Yaendurnu, to say there is a
"Suspicious case" there, she would
like you to "vet".

The only visitor I'd enjoy
more than you is Nai (in office
to you) & I have already, in
my Xmas letter, asked her
to find a ^{young} Tasmanian FOR YOU,
to save you from the clutches
Young, Papp - but with brains - is the prescription
Sent?

$\frac{3}{10}$ of some predatory Chinese
Arapatcha! (Has the "lord"
mayor ~~a~~ charming, eligible
daughter? I fear it is Chinese
food you want ~~not~~ ~~(the)~~ Chinese
children?

John, I'd loathe Darwin. As
I did in 1930. — (when it was
less uncivilized & plank-ridden)

So if you want to tell me
things you will have to come
here. (And bring an XOS
Lufa with you! I still use
two (two) but they are suitable
for babies! (in size)

A woman grows them here
but I detest her. So no chance
there.

* I am furious. *

About the "Spitnik" (from Pole
to Pole) "DEFENCE" Research
Stn. to be ~~erected~~ by
YANKS!!! 12 miles S. of Alice Springs!!!

5^{So} Will you join my "under-
ground" movement to prevent
the Americanization of our
Country?

(And that for their own ends!)
^{Do read} ~~Monday's~~ ^{"Harmon News"}
~~from end to end~~ Unit Fr. Charlie Over
m. h. c. was most courageous
to protest - ^{on Monday too} at the V. M. B.
meeting with that "Swine" Dwyer
in Chair. And Mr Over's also
writing to Holt: a protest!

^{DO} I hope you don't agree
with ~~that~~ ^{the} Resgatch's site. The ^{very} place where
I was taken (by three "different"
women in their cars) to get
wild flowers in Oct. & Nov. -
this year (glorious after the rain).

However, this is more than a
line of two!! But I am seeing redder
that "red" over it. Damnable betrayal.

The enclosed strip is Rosemary

All there will be for your "stocking" at Xmas

Dear Abtulla

I wish you a very
Happy Xmas. (with Chop Suey?)
is some Chinese
dish called

The New Year's wishes
are to come THEN.
