O

My dear Yabonta (John),

Your "Pook" letter will be preserved
in lavender!!! It was delightful.

And so were your presents -
of two books. Thank you very
much. ^{very sorry} I have been ~~too~~ "knocked
out" ^(or "up") to write before → I cannot write
more at present. It must await for
your return (in Oct)

So I send every good wish
for more "distinctions"¹¹ at the
Leprosy Conference. If you
have ever written a Paper the
ignorant could even understand a
little, do lend me one (on your
return) Give my warm regards to
your mother when you meet.
And don't get married yet for
your tribal grandmother will be jealous!!!

POST CARD

Dear Yabbula

John:

The Fates have chosen an especially good time for you to come down (13th & 14th) - from any point of view. Perhaps not yours!!

I have not felt so worried for years - (My head is bloody but unbowed) The Police limatics! (+ I fear for one G. Ryall Chief Inspector here, - it is personal spite. They have refused to renew

my revolver licence (& the Commission has only given me an extended time to DISPOSE of it!

To look forward to go to have something to do in the afternoon.

Yabbula
I have emphasized I need to have it.

at a sitting - So I shall have had a bottle of wine taken to drink. I have been looking forward to that fact of my life.
